

Adding/Removing Contacts

From the contacts page, click on the option that says find friends, use the search bar and enter the email of the person you are looking for, from the search results, choose the right person and use the + icon to add him/her to your contacts.

Finding Friends/Adding Friends to your contacts list

Removing someone from your contacts list

If you want to get rid of someone from your contacts, navigate to the contacts section, simply click on the settings icon located in front of that corresponding user, and then click on remove.
